TO WHOM SO EVER IT MAY CONCERN

This is to confirm that M/s. Ambe Consultancy Services, 6, Geleki, ONGC Building, Bandra Reclamation, Bandra (W), Bombay-400 050, India, have been of some service to us when we recruited Engineers, Tradesmen and Skilled & Unskilled personnel for our Company during 1994 - 1995 for our various projects. With their good office set up in Bombay and facilities to test various tradesmen they were able to offer good assistance to us in selecting various personnel required.

While we use their services as and when required we would not hesitate to recommend them for such recruitment services.

R.A. TATEVOSSIAN
